1. The Amendments and Applicant Arguments submitted on 10/14/09 have been received and its contents have been carefully considered. The examiner wishes to thank the Applicant for the response to the Examiner's action and for amending the claims in the appropriate manner.

Claim 8 was previously withdrawn.

Allowable Subject Matter

4. Claims 1-7 and 9 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art do not teach or suggest a device or method comprising a plurality of braking device and an abnormality control device which is capable of selecting a first one of the braking devices when the magnitude of the tension is less than a first tension magnitude threshold and selects a second one of the braking devices when the magnitude of the tension is less than a second tension magnitude threshold, and outputs a braking command signal to the selected one of the braking devices. The combinations of the claimed limitations in the independent claims 1 and 9 are not anticipated or made obvious by the prior art of record in the examiner's opinion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
